CUSTOM STAIN

St. Augustine High School already had equipment in their existing facility and needed their Athletic Edge equipment to match. Our expert craftsmen were excited to try new techniques to make St. Augustine's wish a reality. To match the current equipment in St. Augustine's training facility, they chose the wood base option on their treatment tables and taping station and we finished it off with a sharp grey wood stain to accompany the look of our Aluma Elite aluminum products.

THE ALUMA ELITE SERIES

The training room is the focal point for each athletic team's activities. The Aluma Elite product line exemplifies top-of-the-line quality and craftsmanship. Such quality results in a line of aluminum equipment that can withstand everyday use and the harshest environments. Expect more with Aluma Elite taping stations, taping tables, treatment tables, whirlpool tables, modality carts, portable workstations, cabinets and lockers - all the best quality for your investment!

ALUMA ELITE TREATMENT TABLES

A4201 with options

The dependable Aluma Elite Treatment Table is the perfect centerpiece for each athletic training facility. The extraordinary load capacity of 750 lbs. and the standard 2 tape holders and aluminum shelf for storage make the Aluma Elite tables the perfect table for athletic trainers and athletes alike. Choose from multiple top options and adjunct storage options to customize your treatment table to meet your needs.

FEATURES:

- 30"W x 78"D x 31"H
- Load Capacity: 750 lbs.
- Table comes standard with flat top and bottom shelf
- Tape holder on each end of table
- Tough powder coat finish
- Graphics Package: includes (1) school logo/name decal on each tape holder (1 on each end) and (1) decal on the bottom shelf
- Cushion: 2" foam, semi-firm

See our website for additional models

ALUMA ELITE TAPING STATIONS

A4202

See our website for new lift back option

Each modular taping station is crafted with the most dependable aluminum and each taping seat is accompanied by its own tape holders and shelves. The standard center cabinet has three drawers with a lock and a dynamic phenolic top. Multiple height and depth configurations available. Need additional space? Extend your taping stations by adding adjunct cabinets and seats.

FEATURES:

- Taping seats can be ordered in 36" or 42" heights and can accommodate depths of 36", 42" or 48" (All configurations are 84.5" wide)
- Load Capacity: 500 lbs. per seat
- (2) Tape holders and shelves
- Tough powder coat finish
- 28" wide cabinet with 3 drawer lockable storage
- Graphics Package: includes (1) school logo/name decal on each taping seat tape holder and on (1) cabinet drawer
- Waste bin cutout on center cabinet
- Cushions: 2" foam, semi-firm
- High grade phenolic top on cabinet
- Ship as modular units - some assembly required
- Taping stations can be extended by adding additional cabinets and seats

#WEHAVETHEEDGE

"Athletic Edge has an incredible product. They really came through for us on short notice and delivered exactly what we needed. Our student athletes love the versatility of the tables, the width of them, and how comfortable they are. There is no doubt I would definitely use Athletic Edge again if I were to need new tables!"

Trent Stratton, Assistant Athletic Director for Sports Medicine
Kent State University

NEW PT-2000 BARIATRIC HI-LO MAT TABLE

\$2550

The Bariatric Electric Hi-Lo Mat Table is ideal for the rehabilitation setting. It is available in a range of sizes to provide your facility with the option of delivering optimum care for larger patients.

FEATURES:

- Available sizes: 4'W x 7'D, 5'W x 7'D, 6'W x 8'D
- Height range: 18" - 30"H
- Load capacity: 1,000 lbs.
- Hi-Lo Elevation
- Single Foot Control
- Convenient caster system

NEW ME SERIES ELEVATING TABLE

ME-2000

This dynamic table was designed and built with the highest standards of quality, integrity and innovation. With its quiet and smooth elevation, the ME Series Elevating Table eliminates the constant squatting and bending while treating patients, leaving them with more energy at the end of the work day.

FEATURES:

- Height: 24" - 36"
- Length: 77"
- Width: 28"
- Lifting Capacity: 400 lbs.
- Complete cabinet with 4 sliding doors and 1 single mounted foot control
- Flat 2" high density cushion with rounded corners
- Lift back option available

NEW ELECTRIC TREATMENT CABINET

ET-102 with options

The Electric Treatment Cabinet sets the standard in functionality, ease of use, storage and convenience. With an easy-to operate adjustable height ranging from 29" to 44", and the numerous cabinet and top options, this cabinet serves most athletic trainers' needs. This cabinet can be upgraded to include lift back and split leg options on the cushion top, and you can upgrade the cabinet configuration to include storage on one or two sides. Enhance your room by adding one of our custom branding options on the cushion or cabinet.

FEATURES:

- Height: 29" - 44", Length: 83", Width: 30"
- Lifting Capacity: 500 lbs.
- Durable metal cabinet with black powdercoat
- Leveling feet on cabinet base
- Open shelf storage area
- Single mounted hand control
- Quiet and smooth actuators elevate athletes with ease
- Flat 2" high density cushion with rounded corners
- Storage cabinets with doors include locks

OMNI Cervical Relief Pillow™

The OMNI Cervical Relief Pillow™ uses an ergonomically contoured shape to comfortably "cradle" the head and neck, allowing total relaxation of neck, shoulder and back muscles. Improper cervical curvature is one of the leading causes of headaches. Use the OMNI pillow for minutes a day to help restore proper cervical curvature and release you from neck pain and headaches.

- Relaxes neck, shoulder and back tension
- Helps restore natural cervical curvature
- Comfortable and effective tractioning device
- Great for relaxation, relief from tension headaches and neck pain

K2

The Original Knobble II®

Made of durable polymer with a band of non-latex and Santoprene, The Knobble II gives your hand more power when you need it.

Backnobber II® by Pressure Positive

The Original Backnobber II® is our best-selling deep-muscle massage tool, ideal for self-care. Or, for use with professional medical management and therapy for physical and occupational stress, injuries or chronic conditions such as arthritis or bursitis.

Last Table and Thera-P Table branding
kits, and SmartCarts.

STANDARD UPHOLSTERY COLORS

Available for all training
room equipment.

STANDARD WOOD/ LAMINATE CHOICES

Available on taping stations, cabinets
and modality carts.

CUSTOM CUSHION BRANDING

LOGO SLIP COVER

(LOGO COVER) Personalize any treatment table, treatment cabinet, or taping station with your school/organization logo. The logo slip cover is a cost effective, removable cover that slips over the lift back/tilt cushion of your table, cabinet, or taping station. Logo slip covers are also easy to replace if your school or organization update logos or colors.

DEBOSSED LOGO

(LOGO DB) A debossed logo is available on flat or lift back treatment tables, treatment cabinets, and taping stations. During the debossing process, a metal die is pressed down into the upholstery of the cushion leaving an impression of your logo. The debossed logo is a popular branding option that creates a classic look in any space. There is a one time fee for the metal die used to deboss the logo, which can be used on future Athletic Edge equipment orders.

COLOR EDGE PRINT LOGO

(LOGO CP) The Color Edge Print is the newest Athletic Edge cushion branding option. The Color Edge Print logo is printed directly onto your upholstered cushion, and there are no limits on the number of colors printed in your logo. Add color and team spirit to your space by adding a Color Edge Print logo to your treatment table, treatment cabinet, or taping station.

DO YOU HAVE THE EDGE?

You've seen it for yourself- from the get-go, The Athletic Edge works with each customer from start to finish to ensure every specific need is met. We want your products to not only look great, but to tell your story.
